DETAILED ACTION

Allowable Subject Matter

Claims 52-55 and 58 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: Although the materials copper, cobalt, iron nickel and their alloys are known in the art, the combination of their use with as an overcoating of an elongate member being *less* resilient than the above named materials is not known. On the contrary, the prior art teaches using the above materials as an overcoat on materials that are *more* resilient for the purpose of protecting the more resilient material from damage. Therefore, this limitation, in conjunction with the other claimed limitations was neither found to be disclosed in, nor suggested by the prior art.
